APRIL 2025 - NOVEMBER 2026

Costa

Costa, **live your wonder.**

When was the last time you experienced an emotion so intense that it left you speechless? We could call it “amazement”, but it is something deeper and more powerful: a feeling that stays with you, something you would like to share but that is difficult to explain.

This is the travel experience we want to offer you: an opportunity for enrichment, an invitation to savour the wonders of the world and experience a sea of emotions you have never felt before. A carefree journey, in enveloping comfort, to allow you unforgettable experiences.

From the timeless landscapes of the eastern and western Mediterranean to the lively rhythms of the Caribbean and the Arab Emirates’ “Arabian Nights” atmospheres. From the majestic nature of Northern Europe to the fascinating contrasts of the Orient, to the Grand Cruises and the World Tour: we will accompany you on a discovery of surprising and out-of-the-ordinary places.

On board you will get to the heart of the destinations by enjoying dishes inspired by typical recipes and local cultures every night, you will be amazed by our shows, dances and theatrical performances, and for your moments of relaxation, the wellness areas will be a perfect refuge for body and mind.

Our itineraries have been enriched with new “destinations” that will give you unique experiences and leave you speechless: these are the “Sea Destinations”.

This is the wonder we want you to experience: moments of unexpected beauty and experiences that leave their mark. And it doesn’t end there...

Sea&Land Destinations.

With our Sea&Land Destinations, discover the soul of every location and experience unique emotions between sky and sea.

Explore destinations from **a whole new perspective in an authentic way through extraordinary, immersive experiences**. Become more than a visitor: get to know local rhythms and customs, in complete harmony with the destinations you discover. Our **Land Destinations** bring you right to the heart of every location, where history is intertwined with local culture and ancient traditions. And with our **Sea Destinations**, the sea becomes a privileged vantage point for discovering spectacular and surprising scenery. Immerse yourself in the timeless atmosphere of the **Mediterranean**. On land, admire artistic treasures, experience the warmth of picturesque villages and stroll through the alleys of ancient towns. Then, when you get back on board, the journey to our Sea Destinations begins, where the scenery changes constantly while sailing. On Capri, start the day with a typical **"Swing symphony"** at dawn: the ship slows down, enjoy

Neapolitan coffee and torta caprese while before you the Faraglioni emerge from the sea like natural works of art. When night falls on Mykonos and the ship pulls into the bay, the fun moves on board: an unforgettable **“Sea party”** ignites the evening with lights and colours reminiscent of the beaches and houses of the island, while the rhythm of DJ sets guides you to dance until late into the night. Discover the wild charm of **Northern Europe**: be enchanted by the majestic fjords, rushing waterfalls and pristine landscapes that meet the horizon. Slowly cross the Geirangerfjord and admire the spectacle of the **“Seven sisters”** up close as you listen to fairy tales and Nordic legends. Then, when you sail into the darkest part of the Baltic Sea, look up into a **“Sea of stars”** to discover the secrets of planets and constellations. Find yourself face to face with the paradisiacal landscapes of the Caribbean: delve into the forest and swim among colourful corals and fish. From the ship, stationed in the bay of Martinique, the **“Martinique fest tribute”** comes to life with soft lighting, smoke and an

energetic DJ, accompanied by colourful percussionists and entertainers. The party culminates at midnight with an overwhelming flash mob and a parade of Carnival-inspired costumes, for a night of Caribbean magic! Be captivated by the exotic destinations of the **Emirates**, move between dunes and skyscrapers and explore ancestral rituals and peaceful oases. Doha's **"Skyline party"** lights up the night with breathtaking light effects and choreography. The theatrical entrance on the Piazza del Campo turns the evening into an exclusive party, with performers dancing among luminous cubes to the rhythm of Run Boy Run, culminating in a final performance by dancers and circus artists. And that's not all: set out to discover the intense contrasts of **Asia**, between ancient temples and ultra-modern city skylines. And then, the journey we have all dreamt of at one time or another: the **World Tour**, to explore unique cultures and sceneries in every corner of the planet. **You will experience this and much more with our Sea&Land Destinations. A full-page background image showing a calm ocean under a vast sky during sunset. The horizon line is straight and divides the image roughly in half. The sky transitions from a pale blue at the top to a soft orange and pink glow just above the water. The ocean surface is covered in gentle, rhythmic ripples. In the bottom right corner, there is a solid teal-colored rectangular box containing the text "Great Cruises." in white.
