A VIKING OCEAN SHIP, VIKING EXPEDITION SHIP & VIKING LONGSHIP®

SHIPS DESIGNED FOR EXPLORATION

River, Ocean and Expedition vessels that bring you closer to your destination

At Viking, we build innovative ships that are the right size for the experience—with a signature Scandinavian design that never upstages the destination.

INTIMATE RIVER VESSELS with all the amenities of an elegant boutique hotel, including an unparalleled choice of all-outside staterooms, expansive views from floor-to-ceiling windows and al fresco dining. From the space-saving square bow to the patented asymmetrical corridor design, our revolutionary and award-winning Viking Longships have been designed to enhance your journey.

ALL-VERANDA OCEAN SHIPS that host fewer than 1,000 guests, with the ability to dock in the world's greatest cities, as well as seldom visited small ports that are out of reach for mega-liners. And with a private veranda in every stateroom, an Infinity Pool at the stern and abundant options for al fresco dining, each day brings new opportunities for stunning views of your destination.

OUR EXPEDITION SHIPS are customized to navigate the planet's most remote environments but offer the same comfort as our ocean and river ships. Open and serene Scandinavian spaces greet you throughout. Settle into the Aquavit Bar for an afternoon Irish coffee or stop by The Living Room to listen to a classical trio. Relax in The Spa, lounge by the outdoor lava rock "firepit" or curl up in the comfort of your own stateroom, all with breathtaking vistas.

UNDERSTATED ELEGANCE

Modern ships designed for comfort and discovery

Created by interior architects who have designed some of the world's finest hotels, the signature Scandinavian design of our ships celebrates our Nordic heritage: clean lines, colorful woven textiles and light woods that evoke the original Viking explorers' connection to the natural world. Public spaces are light-filled, airy and quiet; staterooms feature thoughtful amenities, including heated bathroom floors, anti-fog mirrors and luxury bed linens; and throughout each ship you will find great attention to detail in leather handrails, original Nordic artwork and libraries stocked with books curated by London bookshop Heywood Hill.

CHAIRMAN'S CHOICE, NORWEGIAN POACHED SALMON

THE FLAVORS OF YOUR DESTINATION

Experiencing a culture through its food and wine

A GREAT JOY OF TRAVEL lies in sampling the fresh fare and culinary traditions for which a place is known. Locally sourced ingredients—such as Norwegian salmon, Dutch gouda, Hungarian paprika and Spanish *jamón* inspire our highly trained chefs to create authentic regional dishes on every itinerary. Across our fleet, we offer the most al fresco dining on any waterway, so you always have the option to enjoy a meal or a glass of wine while completely surrounded by the scenery.

DINING ON A VIKING RIVER SHIP, you will find the ideal setting for impeccable service and casual elegance. On our European river vessels, choose between our main dining room, The Restaurant, and the indoor/outdoor Aquavit Terrace.

DINING ON A VIKING OCEAN OR EXPEDITION SHIP, you can experience multiple dining options, from Mamsen's Norwegian Deli and the open kitchens of the World Cafe—to Manfredi's Italian trattoria and 24-hour room service.

A PERFECT PAIRING. While we always offer complimentary beer and wine at lunch and dinner, our Silver Spirits Beverage Package provides unlimited beverages at all onboard venues anytime throughout the duration of your voyage. For only \$27 per day, the package includes our house champagne, wine and beer, plus select premium wine, cocktails, aperitifs, a selection of upgraded whiskeys and more.

ATTENTION TO DETAIL

Elegant design that is simple and functional

Our aim has always been to create a comfortable environment on board our ships, so we have focused on making things as straightforward and as easy to operate as possible. WHY VIKING IS A BETTER VALUE

How do we do it?

- With a 100% small ship fleet, Viking is the largest luxury cruise line*. This means we have considerable economies of scale in the building of vessels and the purchasing of goods and services for ongoing operations. Therefore, we can accommodate more guests with the same operating costs and pass that benefit on to our guests, in the form of lower prices.
- Our award-winning fleet is the largest in the river cruise industry, by far. We also own and operate our ships and the best docking locations on the rivers of Europe. Our fleet of Viking Longships has a patented design which features three full decks—maximizing space on board that otherwise goes unused on many competitor ships. Viking Longships also feature asymmetric corridors, which has allowed us to create true two-room suites.
- Our award-winning fleet of both ocean and expedition ships is designed to be spaceand energy-efficient, without onboard features like casinos and children's areas. This creative design maximizes space for guest rooms and reduces overall fuel costs.

VIKING SHIPS ARE DESIGNED TO MEET THE HIGHEST ENVIRONMENTAL STANDARDS

TECHNOLOGY & THE ENVIRONMENT

Reducing impact through design & technology

At Viking, we are conscious of our responsibility to the environment and the regions through which we sail; thus, our ships are designed to the highest environmental standards. Our long-term success depends on our ability to develop programs that meet or exceed both the global regulatory frameworks as well as local regulations in the most vulnerable areas we explore, such as the Arctic, Antarctica, Europe's inland waterways, the Norwegian fjords and the Alaskan coast.

Our vessels, while dependent on shoreside infrastructure and supplies, operate as self-sustained entities capable of providing electricity, water and waste treatment facilities. Managing our environmental footprint is essential, and all our vessels are designed to be environmentally responsible and efficient to operate. While each vessel class has specific operational characteristics, some key principles are shared across our fleet:

- EFFICIENT USE OF SPACE: We add only what is necessary to our ships, prioritizing guest comfort and operational efficiency.
- DIESEL-ELECTRIC PROPULSION: Most of our ships use diesel-electric propulsion, allowing for future upgrades to more sustainable options like batteries and fuel cells.
- LED LIGHTING: Energy-efficient LEDs on board use low wattage, reducing heat output, power usage and extending lifespan.
- ADVANCED RECYCLING & WASTE MANAGEMENT: Our fleet includes advanced wastewater and ballast water treatment systems, along with onboard trash compacting and recycling centers.

- LIGHT REDUCTION TECHNOLOGY: We minimize light pollution to reduce our impact on local communities and landscapes.
- NOISE REDUCTION TECHNOLOGY: Our vessels are equipped with advanced insulation to minimize overwater noise, ensuring that local life remains undisturbed.
- SHORE POWER: Many of our vessels can connect to shore power, reducing fuel reliance and emissions while in port.

OCEAN & EXPEDITION VESSELS

- SLEEK HULL DESIGN: Our ocean and expedition vessels feature energy-efficient hulls, propellers and rudders to reduce resistance and fuel consumption.
- EXHAUST CLEANING SYSTEMS: Our ocean ships feature closed-loop exhaust cleaning systems and Selective Catalytic Reduction systems to virtually eliminate nitrogen oxides (NOx).

RIVER VESSELS

- BATTERY PACKS: Our newest Viking Longships have battery packs installed on board, which are expected to reduce our emissions by an additional 5%.
- SOLAR PANELS: Onboard solar panels help make Viking Longships the greenest vessels on Europe's rivers.
- BIODIVERSITY-SUPPORTING DOCKING LOCATIONS: With over 60 Viking-owned docking locations, specifically designed for Viking Longships, we provide an infrastructure that has close to zero impact on biodiversity.

These technologies and vessel-specific features enable us to operate a fleet that meets or exceeds environmental regulations across the world, minimizing our impact on the regions we explore.

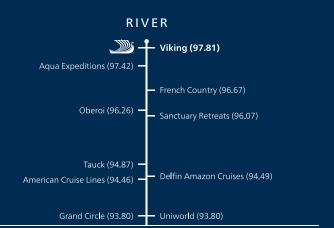

When you are named #1 for Rivers, #1 for Oceans and #1 for Expeditions, two years in a row... Where do you go next?

Onwards.

Suites, mirroring hotel accommodations, each offer two rooms. The Aquavit Terrace, an indoor-outdoor casual eatery, is a dedicated alternative restaurant. And the ships are state-of-the-art when it comes to engineering, with hybrid engines, solar panels and even an organic herb garden." – Cruise Critic Editors

BOASTING THE SAME POPULAR DESIGN ELEMENTS as our Viking Longships, the Seine, Douro and Elbe ships feature state-of-the art engineering, deluxe accommodations and streamlined Scandinavian interiors. Like our Viking Longships, you can choose from a variety of stateroom classes, all with river views. Slightly smaller in size and with customized hulls and engines, these intimate ships were built specifically to navigate their respective rivers and dock in the heart of town. And in Paris, the Seine ships dock just steps from the Eiffel Tower. For interactive deck plans, photos and more, see our website.

VIKING MISSISSIPPI IN ST. LOUIS

VIKING MISSISSIPPI

WE DESIGNED VIKING MISSISSIPPI, from the inside out with your comfort in mind. Starting with our signature Scandinavian style of clean lines, neutral tones and natural materials, even the smallest details take their inspiration from the exploratory spirit of the original Vikings. The ship's interior decor also pays tribute to American history and culture with subtle elements thoughtfully integrated into the design.

OPEN AND SERENE SPACES greet you throughout. Public areas will be familiar to our river and ocean cruise guests but have been reimagined for Mississippi River voyages, from the comfortable and welcoming Living Room to the quiet corner of The Library. The sun-filled, two-story Explorers' Lounge has floor-to-ceiling windows that open to The Bow, a unique outdoor seating area at the front of the ship.

INSPIRED BY RELAXED EVENINGS ON THE PORCH, the Aquavit Terrace is based on Southern living and the great outdoors. Here, you can celebrate casual time with friends while taking in sweeping views of America's heartland. The River Café, a revolutionary indoor/outdoor casual dining venue, allows you to view passing landscapes while enjoying breakfast, lunch and dinner in a bright and airy space. Embark on a journey of a lifetime with Viking's World Cruise itineraries, which offer unparalleled opportunities to explore the world, visiting off-the-beaten-path ports and immersing yourself in diverse cultures and landscapes. These epic voyages of discovery allow you to achieve more travel milestones on a single journey.

Imagine setting sail on our ocean world cruise, a "latitudinal" adventure that takes you from the sunny shores of Ft. Lauderdale to the historic city of London. This west-to-east journey spans six continents, multiple oceans and countless experiences. From the picturesque landscapes of Southeast Asia to the vibrant markets of Morocco, each stop is a new chapter in your travel story. The Viking World Cruise itinerary is designed to provide deep cultural immersion, with expert-led excursions and onboard enrichment programs that bring each destination to life.

Or perhaps consider our expedition world cruise—From the Arctic to Antarctica—a "longitudinal" voyage from the icy realms of the Arctic to the southernmost tip of South America via Antarctica. Starting in Nuuk, Greenland, and ending in Ushuaia, Argentina, this north-to-south expedition is an opportunity to explore some of the world's most remote regions. Traverse the rugged wilderness of the Canadian High Arctic, navigate the majestic Chilean fjords and witness the pristine beauty of Antarctica. Along the way, engage in thrilling activities such as kayaking, nature hikes and Zodiac adventures. On board, our Science Lab and world-class lectures provide hands-on learning and deeper insights into the regions you explore.

Whether you choose the ocean world cruise or the expedition world cruise, these once-in-a-lifetime journeys offer the same discovery and comfort for which Viking is known—on a larger scale.
